

# 2023 WORKSHOP SCHEDULE

## In-person RECORDER ENSEMBLE WORKSHOPS 2023.

The workshops will be over two days. The playing level is upper intermediate to advanced and we would like participants to play multiple recorders (SATB, possibly GB & CB)) but it is not required (there are always 1 or 2 players who play only one recorder). All workshops will take place in the COURTLY MUSIC studio in Warrensburg, NY.

We work to incorporate a wide variety of styles and time periods in the music we select for you to play at our workshops. Just as our name, COURTLY MUSIC UNLIMITED, implies, the Recorder (which has existed for hundreds & hundreds of years) has an extensive repertoire available to it. It is an instrument with *unlimited* musical possibilities.

### Up-coming 2023 DATES
